

**Please pass on to all clubs and members -**

I am a 22 year old male from South Africa and is extremely interested in working with horses and playing Polocrosse in Australia.

I have been working with horses for over ten years now and I have just finished my Higher Diploma in Farrier Science.

I have been playing Polocrosse for the Walkerville Polocrosse club (Gauteng, South Africa) for two years. My handicap is 2 and I won the prize for the most promising player two years in a row.

I grew up on a ranch with horses and other livestock. I also worked part time for two different ranches since 2001. On both these ranches I worked as the stable manager and I also trained the horses for Polocrosse, Show Jumping, Polo and Racing.

I finished my matric exam in 2005. In 2006 I worked as a ranger on the Madikwe Game Reserve for the Makanyane Safari Lodge. Here I was in charge of the stables. I was responsible for the horses' feeding and training, and I used them to guide small groups of tourists in the game reserve.

In 2007 I started with my Farrier Science course at the Damelin Equestrian Academy, which I finished successfully in December 2008.

I am fully bilingual, a fast learner and I perform well under pressure.

I would like the opportunity to work in Australia on a horse ranch and play Polocrosse for a local club.

Please forward my information to any possible employers or clubs that might be interested.

Should you require any further information or references from me, please feel free to contact me via e-mail or mobile: +27 82 800 3370.

Thank you in advance, I look forward to hear from you.

Kindest regards,

Stefan Swanepoel
