3rd March 2005

USE OF ELECTRIC TAPE

At the recent meeting at Dubbo on 19th February 2005, clarification was requested on the use of electric tape at Tournaments.

After checking the PAA minutes and speaking to PAA Chief Umpire David Sillis, the following guidelines are in place and must be adhered to.

1. At the PAA meeting held 25th September 2004 NSWPA request to adopt Hunter Valley's approach to the use of electric tape was declined. However, portable panels are allowed.
2. At the next meeting of the PAA on 3rd and 4th December 2004 the following motion was put and carried.

“That an extension of time be granted in the case of solid constructed open fronted yards to allow them to affix pipes or chain fronts. Such approval will extend to the end of the 2005 season only.”

3. David Sillis (PAA Chief Umpire), has advised that open fronted yards with rope fronts are allowed in 2005. Under **NO** circumstances is electric tape allowed.

If you have any questions, or problems in relation to this matter David has advised that he can be contacted directly on (02) 6238 1550 to discuss.

Please ensure that all clubs and members are made aware of these updated guidelines.

Yours faithfully

Helen Stapleton
