

## **NSW Polocrosse Uniform Report September 2015**

So far this year I have organized a few different playing shirts for several carnivals.

We started with 2 juniors going to NZ and they were happy to wear the current NSW playing shirt, with a new design for shorts.

Next up was the Australian Junior Classic and Barastoc where all our players wore the current NSW playing shirt for the last time.

A junior team was picked to represent NSW in the USA and I designed a completely new NSW sublimated playing shirt then reversed the colours for a navy based warm up polo with shorts to match both polos and a hoodies for them to take over.

## NSW JUNIOR TEAM USA TOUR

## NSW JUNIOR TEAM HOODIE:

An intermediate carnival was held in Sydney but then unfortunately cancelled due to the weather, 2 new designs were created and purchased for this carnival so we can now fit out 2 NSW sides in a complete size range. These playing polos will be lent to intermediate players representing NSW for future competitions.

Lastly a new design for a playing polo and vest was created for the NSW junior team who was successful in beating QLD at the Rose Bowl Junior Challenge held at Warwick this year.

Currently I am working on a new design for our playing shirts at the up and coming Albury Nationals, these will be totally sublimated saving on the cost of embroidery and having to heat press the numbers on. This will also allow me to individually incorporate sponsors if different teams have different sponsors. I hope to have a design at the end of the year for your approval. This will also mean that I would need sponsors logos and player's orders and sizes etc by early 2016.
