

23<sup>rd</sup> March 2018

#### State Associations

With the Polocrosse World Cup 2019 (22 - 28<sup>th</sup> April) now only 12 months away, work will progress shortly to acquire the approximately 180 horses required to successfully stage this prestigious event.

At the 2003 and 2007 World Cups, polocrosse players across Australia loaned a magnificent line-up of horses. These horse owners need to be commended for their efforts as the high-calibre of horses contributed to the overall success of those two events. We are confident that those who lent a horse were more than satisfied that this program respected the value of these animals and were thrilled to see their horse perform on the international stage. A Team Horse Coordinator will be allocated to each country to ensure that the care and respect of all horses is a top priority.

Three overall Horse Coordinators have been put in charge of making contacts within our states to meet this challenge.

Gill Mathie –	<a href="mailto:gillmathie1@gmail.com">gillmathie1@gmail.com</a>	0414 767171
Kent Wells –	<a href="mailto:kent@hawthornestud.com.au">kent@hawthornestud.com.au</a>	0414 742112
Charlie Brook –	<a href="mailto:charlesbrook@bigpond.com">charlesbrook@bigpond.com</a>	0488 967503

Please find attached a copy of the current "Horse Owners Benefits". We are confident that there will be further inclusions as our sponsorship and marketing progresses.

I am sure that Australia can rally to this once again and showcase the best Polocrosse horses to the world and at the same time be part of the world's biggest Polocrosse event. Your support is vital to the success of the 5th Polocrosse World Cup!!

If you have any questions, please contact the above Horse Coordinators.

Kind Regards

Les Fraser  
Chairman,  
Polocrosse World Cup Committee 2019
